Understanding Original Medicare

Original Medicare is offered by the federal government and has two parts: Part A and Part B.

Medicare Part A is hospital insurance, and generally covers in-patient hospital care, skilled nursing facility, hospice, and home health care.

Medicare Part B is medical insurance that covers doctor's office visits, diagnostic lab & x-rays, outpatient professional services including surgeries, flu shots and more.

Original Medicare does NOT include prescription drug coverage

Prescription drug coverage, also known as Part D, is not included with Original Medicare. If you delay your enrollment in a Part D plan, then you will pay a penalty equal to about 1% of the average monthly premium for each month you delayed enrollment. This must be paid monthly as long as you are enrolled in Part D.

Eligibility Requirements

To join an ATRIO plan you must be entitled to Medicare Part A, be enrolled in Medicare Part B, active Medicaid enrollment, and live in our service area.

Deductible Stage: There is no deductible for this plan as long as you keep your Medicaid eligibility.

Initial Coverage Stage: Depending on your income and subsidy level status (LIS), you pay the following copayments until your total yearly out-of-pocket drug costs reach \$7,400 (including drugs purchased through your retail pharmacy or mail order, or if you are in a long-term care facility).

Subsidy Level Status	ATRIO Special Needs Plan (HMO D-SNP)

LIS 2	Generic \$1.45 Brand & all other drugs \$4.30
LIS 3	\$0
After you are enrolled in a plan, you will receive an “LIS Rider” which will let you know your LIS level.	

Catastrophic Coverage Stage: After your yearly out-of-pocket drug costs reach \$7,400, you enter the Catastrophic Coverage Stage, and you pay \$0 for all drugs for the rest of the year.

Drug Coverage

For plans that include prescription drug coverage, we have a formulary - a list of covered medications. Our formulary offers a wide selection of Medicare approved, cost-effective generic and brand name prescription drugs. For PPO Plans, each drug will be categorized into one of six tiers. A drug tier determines how much you pay for your drug.

Tier 1 “Preferred Generic” tier, contains low-cost generic drugs.

Tier 2 “Generic” tier, contains most generic drugs and a select number of brand name drugs.

Tier 3 “Preferred Brand” tier, contains preferred brand drugs and a select number of high-cost generics. Drugs in this tier will cost higher than drugs in tier 2.

Tier 4 “Non-Preferred Brand” tier, contains non-preferred brand name drugs and a select number of high-cost generics. Drugs in this tier will cost more (or have a higher cost) than the drugs in tier 3. Note: If a member has a non-formulary medication that has been approved through an ATRIO exception, it will fall under this tier.

Tier 5 “Specialty” tier, contains specialty drugs. This is the highest cost sharing tier. (These drugs are not available for mail-order or a 90-day supply.)

Tier 6 “Select Care Drugs” tier. Although this typically would be the highest cost tier, tier 6 is a \$0 copay tier for certain important medications such as:

- Select Insulins
- Part D vaccines
- ACE-I/ARBs for treatment of high blood pressure or kidney protection
- Select antidiabetic drugs to treat diabetes
- Statins to treat high cholesterol

In addition, when a member enters the Coverage Gap and/or Catastrophic Coverage Stages, Part D vaccines in this tier will continue to have a \$0 cost share.

What if my medication is not on the formulary?

- If you cannot locate your drug on the formulary, call Customer Service for help. We may be able to provide you with a list of alternative drugs.
- Talk to your doctor about an alternative drug on the formulary.
- You can also submit a Coverage Determination to request an exception to the formulary. For more information, visit atriohp.com or ask your doctor to submit one on your behalf.

Types of restrictions you might find on formulary drugs

- **Prior Authorization (PA)** – this is a request for approval in advance. Some drugs may require a prior authorization to make sure the drug is being used appropriately.
- **Quantity Limits (QL)** – certain drugs may have a specific quantity limit allowed to receive.
- **Step Therapy (ST)** – you may need to try other drugs first before we will approve the use of certain drugs to treat the same condition.
- **Part B vs. Part D review** – some drugs are covered as part of your medical Part B coverage, and others are covered under your Part D coverage.

Coverage Gap Stage and Catastrophic Coverage Stage

There is no coverage gap stage for this plan. After your yearly out-of-pocket drug costs reach Defined Standard Benefit (same amount as PPO), you enter the Catastrophic Coverage Stage, and you pay \$0 for all Part D prescription drugs for the rest of the year.

Important Message About What You Pay for Vaccines - Our plan covers most Part D vaccines at no cost to you even. Call Customer Service for more information.

Important Message About What You Pay for Insulin (Part D) - You won't pay more than \$35, while you are in the Coverage Gap, for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Customer Service Representative at the number listed on the back cover of this book.

Understanding the Benefits

The Evidence of Coverage (EOC) provides a completed list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit our website at atriohp.com or call our Customer Service Representative at the number listed on the back cover of this book.

-  Review the Provider Directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
-  Review the Pharmacy Directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding Important Rules

-  In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
-  Benefits, premiums and/or co-payments/coinsurance may change on January 1 of each year.
-  This plan is a dual eligible special needs plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid. [D-SNPs may provide additional information if they impose restrictions to specific Medicaid eligibility category(ies).

Fill out this information as it appears on your Medicare card - OR - Attach a copy of your Medicare card or your letter from Social Security or the Railroad Retirement Board.

Medicare Number: _____
(example: 1234-123-1234)

Hospital (Part A) Effective Date: _____

Medical (Part B) Effective Date: _____

You must have Medicare Part A or Part B (or both) to join a Medicare Prescription Drug Plan.

You can pay your monthly plan premium (including any late enrollment penalty that you currently have or may owe) by mail, Electronic Funds Transfer (EFT), credit card, over the phone or on our website each month. **You can also choose to pay your premium by having it automatically taken out of your Social Security or Railroad Retirement Board (RRB) benefit each month.**

If you have to pay a Part D-Income Related Monthly Adjustment Amount (Part D-IRMAA), you must pay this extra amount in addition to your plan premium. The amount is usually taken out of your Social Security benefit, or you may get a bill from Medicare (or the RRB). **DO NOT pay ATRIO Health Plans the Part D-IRMAA.**

People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay for 75% or more of your drug costs including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify won't have a coverage gap or a late enrollment penalty. Even if you have Extra Help now you may need to reapply for recertification. Many people are eligible for these savings and don't even know it. For more information about this Extra Help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at www.socialsecurity.gov/prescriptionhelp. If you qualify for Extra Help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only a portion of this premium, we will bill you for the amount that Medicare does not cover. If you don't select a payment option, you will receive a bill/invoice each month.

Please select a payment option and follow any further instructions for full set-up:

- Receive a bill/invoice monthly
- Automatic Electronic Funds Transfer (EFT) from your bank account
For EFT, visit atriohp.com/oregon/members/member-portal to sign up on our premium portal.
- Credit Card
For credit card payment, visit atriohp.com/oregon/members/member-portal to sign up on our premium portal.
- Automatic deduction from your monthly Social Security or Railroad Retirement Board (RRB) benefit check.
I get my benefits from: Social Security Railroad Retirement Board

(The Social Security/RRB deduction may take two or more months to begin after Social Security or RRB approves the deduction. In most cases, if Social Security or RRB accepts your request for automatic deduction, the first deduction from your Social Security or RRB benefit check will include all premiums due from your enrollment effective date up to the point withholding begins. If Social Security or RRB does not approve your request for automatic deduction or approves deductions to begin after the enrollment effective date, we will send you a bill for your monthly premiums.)
